Hard Water Scaling Protection for All Water Heating Devices

## Replacement Filters

Proper maintenance of your Heater Treater unit is just as important as scale protection itself. Keep your unit working properly and your heating device protected by replacing your Heater Treater cartridge as recommended.

Follow the chart below for recommended replacement intervals.

the Heater Treater Model:	Replacement Filter:	Suggested Replacement Interval:
FTHT-10-RevFlo(G)	FTHT-10RF	Every 12 months
FTHT-20-RevFlo(G)	FTHT-20RF	Every 12 months
FTHT-BB	FTHT-BBRF	Every 12 months
FTHT-BB-HFC50	FTHT-BB-HFC50RF	Varies depending on the application. Call for information.
